SkillsUSA National Signing Day in May is when SkillsUSA chapters across the nation give skilled professionals the spotlight they deserve. On Signing Day (whether that is on May 6 or another date of your chapter's choosing), students will be recognized by their school administrators, teachers, elected officials, alumni, family and friends for signing letters of intent to pursue careers or further education in the skilled trades. Look for more information soon on how to register and gain access to our Signing Day toolkit, special offers and more. In the meantime, learn more about SkillsUSA Signing Day and see how chapters celebrated last year. Let's get ready for an even bigger celebration this May. Signing Day is a wonderful celebratory event that recognizes students as they complete the school year and transition to employment or further education.
